### GOOD WOMAN CALLED HOME

Mrs. Mary Ann Petrie Died Sunday at Home of Daughter.

Mrs. Mary Ann Petrie, wife of the late John Petrie, died Sunday night at 12 o'clock at the home of her daughter, Mrs. John Danforth, on East Ninth street. Mrs. Petrie was a native of Christian county. She was seventy-nine years old. Her death was due to senility. She had been ill at Mrs. Danforth's home for twenty-two weeks.

For many years prior to her illness Mrs. Petrie had lived on her farm on the Russellville pike. She was the daughter of John Harned.

Mrs. Petrie is survived by her five sons, Dr. W. S. Petrie, of Fairview; Dr. C. B. Petrie, of Louisville; Dr. Hayes Petrie, of Pineville, John W. Petrie, of Fairview and J. E. Petrie, of Trenton, and two daughters, Mrs. J. C. Terry and Mrs. John Danforth. Mrs. Petrie was a devout christian and her noble character is reflected in her sons and daughters.

Funeral services will be held at Mrs. Danforth's home today at ten o'clock. Interment will follow in Riverside Cemetery.

Any man can make himself conspicuous by carrying a string of fish up the street.

### The Auto Record

One hundred and ten new auto licenses were issued at Frankfort last week and 27 were of the cheapest grade machine. Very few were of the more expensive kinds. A good many people evidently think it is more economical to get a cheap one

every year or two. Two of the machines last week are credited to Christian county. Tom Binns bought a Marathon and Allan Owen an Overland.

Some folks are so cheerful they make other people weary.

It takes Cents to make dollars. It takes sense to keep dollars

This man knew enough to put seed into the ground and it grew into a crop. Now he knows enough to put dollars in the bank and grow a fortune. He knows if he plants grain it grows; if he plants dollars they grow. But dollars don't fear weather conditions.

# DISTILLED WATER.

Do you realize just what the above title means? Do you realize the only way to get ABSOLUTELY PURE Water is to distill it? A great many people think boiled water is as pure and good as distilled water, but there is a big difference. Boiling the water does not remove anything except the good taste. It merely kills most of the disease germs but the germs remain in the water along with any other impurities that it may contain before it is boiled. Distilling the water KILLS and REMOVES all germs, takes out all minerals and other impurities leaving only the PURE water. Then FILTERED air is forced through the water to make it palatable and the result is the BEST water possible to obtain. Can you afford to take chances on your drinking water this hot weather? Think it over. Then call 43 for a crate of BEST water.
